

Private and outside scholarships are different from Federal, State, and Shorter University scholarships. Please specify any private or outside scholarships you expect to receive to be used for funding your education at Shorter University. Be sure to include all external resources such as scholarships from your local church, civic and or communication organizations, your parent's place of employment, etc.

Note: Although the sources of scholarship aid indicated below will be included on your financial aid award letter, they will NOT be credited to your student tuition account until the funds have been received by the University.

It is the responsibility of the student to follow up with the organization or foundation administering the resource to insure that the funds are sent to Shorter University in a timely manner.

You are responsible for notifying Shorter University Financial Aid Office of any additional scholarships or resources that you are granted after filing this form.
